The Imperial Riding School in Vienna is the only riding academy in the world where the Renaissance tradition of classical horsemanship is preserved and practiced to this day. The unique harmony of rider and horse achieved through their training methodology is famous all over the world. Herr Bachinger is the third generation of Bereiter in his family. His father, Ernst, is the current director of riding and training for the School, and his grandfather was also a Bereiter.

The riding clinic with Herr Bachinger will be hosted by the Howards at Reiterhof July 16 – 19. All dressage enthusiasts are invited to audit. Please visit their website [www.reiterhof.us](http://www.reiterhof.us) for more detailed information about the riding clinic.

The Saturday evening "Dinner & Live Speak" will be a potluck supper, so please bring a side dish. Herr Bachinger will give a presentation on classical training with emphasis on the riders and horses of the Spanish Riding School of Vienna.
