Solodarity@aol.com or 512-759-1239

## A Special feature at our ADU party this year will be "The Dressage Simulator"

The Interactive Dressage Simulator is a new computerized, pressure sensor technology that gives the rider invaluable information about how they are communicating with and affecting the horse. This one of a kind riding instructional tool indicates the rider's position, balance, proper application & timing of the aids, and much more. The Simulator is capable of performing movements thru FEI, including tempi changes, pirouettes, & piaffe. It is the ultimate opportunity for riders of all levels to develop their riding skills in a controlled atmosphere with instantaneous feedback on the big digital screen.

Special 15 minute abbreviated "trial" training sessions will be offered during this ADU party for:  
ADU Members \$30/15 min. session non-ADU Members \$35/15 min. session

The Dressage Simulator is being hosted in Austin by ADU & is available for full training sessions Nov. 13-21  
Contact Cean Embrey to schedule a training session: embreyo@aol.com or 512-267-1774
