

Silent Auction

1 Musical Freestyle test pattern Design

by

FEI 5 International Judge*

(and world renowned expert on Freestyle Design)

Katrina Wuest

of Germany

Any level of Freestyle is acceptable. Auction winner will send Katrina a video ahead of time of their horse performing the movements of their level so she can evaluate the strong & weak points of the horse & rider team. Katrina will then design the pattern for the Freestyle considering the best usage of the arena to highlight the team's strengths and minimize their weaknesses for the most successful score. Music not included. At a dinner the evening of Saturday January 9, 2016, after the ADU annual Judging Seminar, Katrina will show attendees how this Freestyle was custom made for this horse & rider team. This is a rare opportunity to have a Freestyle pattern custom designed for you by the World's leading authority on Musical Freestyles. Happy bidding!!!
