The DVD -

The Dressage Seat from the Trainer's Perspective -
Featuring Lisa Wilcox & Ernst Koyos

Lisa Wilcox and Ernst Koyos share their unique focus on the seat as a system of training, which emphasizes balance, elasticity and clear communication with the horse. Learn how this system is applied in the training of Lisa's world class mounts, such as Relevant, team silver medal winners at both WEG and Aachen. Wilcox was the first non-European dressage rider to be listed in the FEI's top 10 world dressage rider rankings. Koyos is an Austrian who was educated for 29 years at the Spanish Riding School. He creates brilliant riders through the application of his knowledge and technique.
