Show: Enhanced Learning from Judges Live Feedback

RIDERS and AUDITORS are welcome at this fun educational dressage event! Participants learn from a panel of USDF judge and L Grads.

Prior to each ride, test directives are read aloud to help the audience understand the expectations of each test level. Riders will have 30 minutes in the ring to ride the test of their choice, receive live feedback from judges, and work with the judges on specific movements needing improvement. Rides are scored by all, in a low-stress, non-competitive, comfortable atmosphere, giving the freedom to really learn from the advice of multiple judges. All riders will receive their score sheets from all judges.
